STUDIO ART

1. "The Mona Lisa"

There was traces of an edging paper being scraped off.

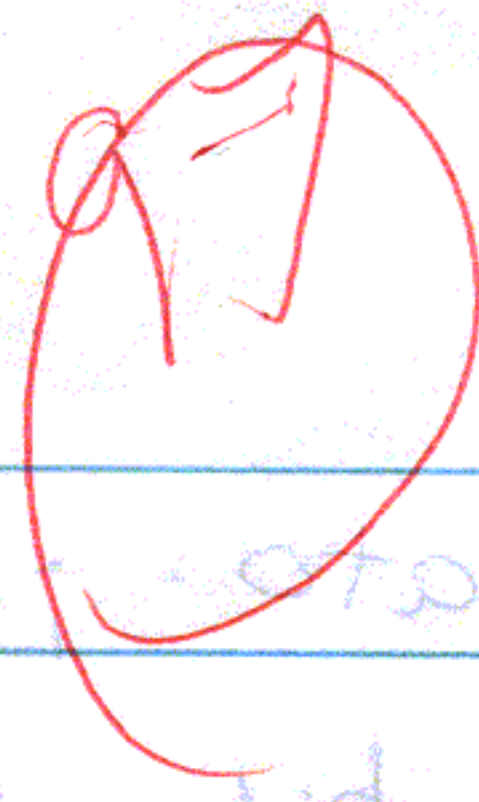

She is wearing a very dark, severe dress with a pleated bodice, embroidered with interlacing forms of gold. It blends light and shade as in nature.

2. Ladder - can be raised or lowered to transport people from level to level by a crank.

Emergency bridge - built with tree trunks banded together w/ ropes and planks to go across a ditch or body of water.

3. They used perspective to create lifelike people and animals.

4. Chiaroscuro is bold contrast between light and dark.
