

Things I Need to do When Making My Clock

^{1st} Choose a shape.

^{2nd} Sketch the shape.

^{3rd} Make an "actual" size pattern
with the correct Perimeter.

^{4th} Go to high school and have shapes cut out
on the band saw.

^{5th} We sand/routed, paper sanded, glue it up
pictures, drilled holes, marked for number.

^{6th} put on number, clock work, and the hands
