Addition

Vocabulary

We **add** two numbers to get a **sum**.
The numbers we add together are the **addends**.

$$3 + 5 = 8$$

addend

sum

halloween addition
fun!!

If you dare!!!

A Halloween-themed illustration on a blue background. In the sky, there are four black bats with white outlines flying. A large yellow sun is in the top right corner. Two black, leafless trees are on the left and right sides. In the foreground, there is a black picket fence with six orange jack-o-lanterns sitting behind it. Each jack-o-lantern has a simple face with triangular eyes and a jagged mouth. Below the fence, there is a black rectangular box containing one bat and one jack-o-lantern. To the right of the fence, there is a red speech bubble that says "GOOD JOB!" and a red circle with a white letter "F" inside.

There are four spooky bats flying in the sky. There are six scary jack-o-lanterns sitting by the gate. How many Halloween items are there in all?

math sentence: _____ + _____ = _____

There are _____ flying in the sky.

_____ join them.

_____ + _____ = _____

How many are there all together? _____
