A new six traits classroom resource: Post-It Conventions Editing Notes

This sheet was designed to be run through the feed tray of a printer. Once printed, store-bought Post-Its can be affixed over the squares below, the sheet can be run through a second time, and the printing will appear right on the Post-Its. Detailed instructions for doing this can be found at WritingFix on the Post-It page. You can also Xerox this sheet on colored paper, cut the six squares out, and staple them to your students' papers.
