

IME REQUIRED

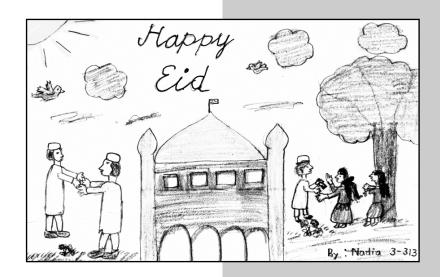

- **Planning:** One to two weeks to get the materials and supplies and decide on activities.
- Implementation: Two to three weeks, depending on the reading and writing proficiency of the students.
- **Assessment:** Ongoing throughout the development and implementation of the learning experience.

SSESSMENT PLAN

- Teacher directly observed students during all activities related to the learning experience, and made personal notes to facilitate the learning process.
- Teacher noted students' ability to work in groups.
- Teacher-student conferences were held, as needed.
- Portfolios of students' works were evaluated.

Eid

After the month of Ramadan. comes 'Eid'. On Eid day we wake up early, take a shower and wear our new clothes. We go to the mosque to say a special prayer. After that we hug each other and greet the elders. They give us many as gifts. We go to visit everyone's house and eat delicious food like butter rice, roast chicken, rice podding, sweet noodles. In Bangladesh everything is closed. for Eid. But here we have school. I cannot visit everyone. Eid in Bangladesh is fun.
