Slide 8

- ✓ Should be an ending slide with just the words "THE END" on it
- ✓ Text box with websites citing where you obtained any Internet photos

EACH SLIDE in your presentation should contain:

- ✓ Title & Text which should be edited for style, size and color
- ✓ Background color or design
- ✓ Some type of graphic, clipart or picture
- ✓ Slide Transitions with a sound
- ✓ Custom animation with timing and effects (movement)

Organized chain of events to follow when creating slides for a presentation:

- ✓ Select a **Layout** for the slide
- ✓ Enter **Title** information
- ✓ Enter **Text**

Set up all slides with a layout, title and text before proceeding to the next step

- ✓ Add **Graphics** (ClipArt, Pictures, etc.)
- ✓ Add **Background Color** to each slide
- ✓ **Edit Text** by choosing a font style, color and size to coordinate with the background
 - ✓ Title size: no smaller than 44
 - ✓ Text size: no smaller than 32
- ✓ Add a **Slide Transition** to connect the slides.
 - ✓ Set to "**on mouse click**" advancement
 - ✓ Add a sound
- ✓ **Animate the slides by adding Custom Animation** to the items on your slide.
 - Every item must be animated with the timing set for "**after previous**" (*on the clock*)

(Custom Animation should not be done until after all slides are completed.)
